📍 **Birmingham, United Kingdom**

EXPERIENCE

Software Developer

Majestic (Majestic.com)

📅 July 2016 - ongoing   📍 Birmingham, UK

A 10-week placement at Majestic, developing innovative ways to represent and interpret their data. Mainly working on frontend & UX, but doing some backend too. Predominantly HTML, CSS & JavaScript.

- Released https://labs.majestic.com/2016 , which contains the main project, a "map of the internet", as well as some smaller side-projects.
Project Lead - Ace of Spades

JaGeX Games Studio, Cambridge

📅 June 2014 - Sep 2014   📍 Cambridge, UK

I was contracted by JaGeX to work on a dormant project - creating, implementing and testing innovative and solutions to various problems. This also involved liasing with a large, active community to ensure that the changes implemented reflected their wishes.

- Major fixes to Ace of Spades (see http://aceofspades.com/).

HOW I SPEND MY TIME

- A University Work
- B Computer Science Society
- C Hackathons
- D Gaming & Relaxing
- E Mentoring/Teaching
- F Socialising

EDUCATION

A2 Computer Science - A*   **A2 Mathematics - A**

A2 Chemistry - B   **AS Music - A**

AS Further Mathematics - B   **GCSEs - 8 A*s 2 As**

ACHIEVEMENTS

👑 **CSS UoB President (@CSSBham)**

I'm the acting president at the University of Birmingham Computer Science Society for the coming year, allowing me to provide people with the skills and experience that university may not necessarily give.

👁 **Clarifai Developer Evangelist**

I was selected as a Clarifai Champion in Autumn 2016, which is their initiative to shape upcoming developer evangelists.

⭐ **Lead Organiser - HackTheMidlands**

I founded and headed up the organisation of HackTheMidlands a national, all-inclusive hackathon hosted in Birmingham (see hackthemidlands.com)

📖 **Undergraduate Demonstrator**

I am a current undergraduate demonstrator for CS at the university, which is an opportunity to mentor and teach first-year students.

🧍 **BCS Committee Member**

I am a member of the BCS Birmingham branch committee, and have been involved in organising talks etc. for them.

SKILLS

| HTML | CSS | JavaScript | Python |

| Java | Haskell | LaTeX |

| Event Organisation | Leadership |

| Mentoring/Teaching | Management |
