THOMAS GOODMAN

MSci Computer Science Student - University of Birmingham

📞 **+44 7719 819 480**   @ **TauOmicronMu**   🔗 **http://github.com/tauomicronmu**
📍 **Birmingham, United Kingdom**

PROFILE

I'm a 2nd-Year Student, Software Developer, Developer Evangelist and Event Organiser with some prior industry experience. I am looking for a year-long industrial placement at a friendly tech company who value personal development and are willing to further equip me with the vital skills I need.

EXPERIENCE

Software Developer

Majestic (Majestic.com)

📅 July 2016 - Sep 2016   📍 Birmingham, UK

A 10-week placement at Majestic, developing innovative ways to represent and interpret their data. Mainly working on frontend & UX, but also working on some backend too. Predominantly HTML, CSS & JavaScript.

- Released https://labs.majestic.com/2016 , which contains the main project, a "map of the internet", as well as some smaller side-projects.
- Part of an autonomous team, and the joint-architect of a few innovative data visualisations, with the overarching brief of "show what Majestic do".

Project Lead - Ace of Spades

JaGeX Games Studio, Cambridge

📅 June 2014 - Sep 2014   📍 Cambridge, UK

I was contracted by JaGeX to work on a dormant project - creating, implementing and testing innovative and solutions to various problems.

- Major fixes to Ace of Spades (see http://aceofspades.com/).
- Liaising with a large, old and active game community.

EDUCATION

MSci Computer Science 1st Year - 81% Overall

A2 Computing - A*

A2 Mathematics - A

A2 Chemistry - B

AS Music - A

AS Further Mathematics - B

ACHIEVEMENTS

⭐ **Lead Organiser - HackTheMidlands**

I founded, and headed up the organisation of HackTheMidlands a national, all-inclusive hackathon hosted in Birmingham (hackthemidlands.com).

👑 **CSS UoB President (@CSSBham)**

I'm the president of the University of Birmingham Computer Science Society, allowing me to organise events that give students skills and experience that university may not necessarily give them.

👁 **Clarifai Developer Evangelist**

I was selected as a Clarifai Champion in Autumn 2016, which is their initiative to shape upcoming developer evangelists.

📖 **Undergraduate Demonstrator**

I am a current undergraduate demonstrator for CS at the university, which is an opportunity to mentor first-year students.

🧍 **BCS Committee Member**

I am a member of the BCS Birmingham branch committee, and have been involved in organising talks etc. for them.

SKILLS

HTML	CSS	JavaScript	Python
Java	Haskell	Git	LaTeX
Leadership	Mentoring		
Management	Event Organisation
